

权限 sentry迁移

数据库连接

```
psql --host=localhost --port=7432 --username=cloudera-scm --  
dbname=postgres
```

```
create database sentry2
```

改变数据库的owner 注意要“;”

```
alter database sentry2 OWNER TO sentry;
```

导入表结构和数据

```
pg_dump -U cloudera-scm -h localhost -p 7432 sentry2 -f sentry.sql
```

数据库改名:

```
ALTER DATABASE sentry2 RENAME TO sentry;
```

注意:

postgresql默认全部小写，若要区分字段名大小写需要用引号括住
